

GIS SPECIALIST POSITION

Coastal Environments, Inc. (CEI), a long-established, full-service environmental consulting firm headquartered in Baton Rouge, has an immediate opening at headquarters for an entry to mid-level GIS Specialist with an MS or BS with two to three years of experience. Candidates should be experienced with ESRI products (ArcGIS 10.x and ArcGIS Pro), GPS Pathfinder Office, and Trimble GPS products. Knowledge of relational database design and programming is a plus. Duties include map production, data creation, data conversion, image interpretation and processing, geodatabase development, and spatial analysis.

CEI provides competitive salaries, commensurate with experience and qualifications, and benefits; a great work environment; and opportunities for professional training for career development and advancement.

CEI is an Equal Opportunity Employer (EOE) supporting diversity in the workforce. The firm conducts pre-employment physicals as well as drug and background screening, participates in e-verify and promotes a drug free workplace.
